

SEPTEMBER 12

Celebration of Life

Holding life as sacred and preventing suicide

This is the 8th Annual celebration where we gather to remember those lost to us and to celebrate each other and our lives together. Starting at 8:30 we will have a 3-hour workshop on making our community suicide safer. ***This workshop will help you identify persons with thoughts of suicide and connect them to a suicide first aid resource.*** Minimum age 15 years. Then everyone is invited to lunch at 12 noon, listen to a guest speaker and join us in our procession to the point to release a flower in remembrance of our lost ones.

Sign up for workshop at 250-740-2337
