

May 9, 2017

Thlap'Qwum Community Settlement Trust

This is further to the initial update to Membership on April 12, 2017. As indicated in the initial update, the Funds from Canada have not been received in the Trust as of yet. It is expected it will still be many months until Canada releases the Funds.

However, once the Funds are received in the Trust, the Trustees need to be prepared to attend to the distribution to each Adult member 19 years of age and over. (For members under age 19, their distribution will be held for them in Trust (with interest) until their 19th birthday.

There are various methods to receive a payment (select only 1).

- 1) You may pick up your cheque at the Snuneymuxw First Nation Office
- 2) You can request that your cheque be mailed to you.
- 3) The Corporate Trustee can make a direct deposit to your bank account (in Canada)
- 4) If outside of Canada, you can request a wire transfer (there is a cost for this option as determined by your bank).

For options 1 or 2 (picking up a cheque, or having a cheque mailed to you), please complete and sign the attached Form

For option 3, if you want your distribution deposited directly to your Canadian bank account (please note: the name on the account must match your name), please complete the Form and attach a void cheque or go to your bank and have the bank provide to you a "direct deposit notification" form. Please send this to Don with the attached signed Form.

For option 4, if you want your payment sent to a financial institution outside of Canada please have your bank provide you with an "incoming wire" form which provides the relevant information, Bank Name, Address, Swift / ABA Code, Account Number and again - your name must match the name on the account.

You can drop off the Form at the Snuneymuxw First Nation office, or you can send your signed form either by mail, or fax, or email (scan).
