WHAT WILL WE VOTE ON?

After three years of member feedback, this vote asks members if they are in favour of designating 102.7 acres of land on the te'tuxwtun reserve for leasing for the following uses:

- Residential
- Commercial
- Institutional
- Light industrial
- Recreational/park
- A mix of these uses

If approved, this reserve land will be leased to our own Petroglyph Development Group (PDG). Any alternative leasing arrangements would be subject to the direction and approval of Chief and Council.

WHAT ARE OUR PLANS FOR THIS PORTION OF TE'TUXWTUN LANDS?

te'tuxwtun will set a new standard for Vancouver Island and beyond. Member input highlights the potential for a strong, revenue-generating mixed-use development that supports Snuneymuxw's key priorities, grounded in snawaylth.

WHERE WOULD MONEY FROM TE'TUXWTUN GO?

100% of funds will directly benefit Snuneymuxw. Every penny PDG receives as profit is audited and goes directly back to our Nation.

When PDG receives any profits, Chief and Council determine what to do with these funds based on community priorities.

For example, profits from PDG fund important community initiatives, including monthly Sulxween 65+ Elder payments, annual member distributions, bursaries and sponsorships, as well as the firewood and community haul-away recycling programs.

BENEFITS

This vote is an important step towards self-determination and increasing our presence across our Lands.

Chief and Council anticipate the following benefits from the proposed development:

- (1) increased revenue to Snuneymuxw, providing the Nation with greater resources to serve its members;
- (2) new employment and career development opportunities for Snuneymuxw members;
- (3) new entrepreneurship and business opportunities for members and vendors of Snuneymuxw;
- (4) improved development of amenities and services including, for example, the expansion of Casino Nanaimo, Snuneymuxw owned gas-stations, sports arena, parks, grocery stores, clinics, coffee shops, retail and hospitality outlets; and
- (5) greater commercial visibility and leverage of Snuneymuxw.
